

Sareh Sadat Kazemi

Expert Researcher of Botany Research Division, Research Institute of Forests and Rangelands,
Tehran, Iran.

skazemi@rifr.ac.ir

Sareh.kazemi@gmail.com

EDUCATION

Islamic Azad University, Gorgan Branch	Gorgan, Iran
1. <i>B.Sc. in Biology, Jun 2001</i>	
Islamic Azad University Science and Research Branch	Tehran, Iran
2. <i>Master in Science, Jan. 2005</i>	
Islamic Azad University Science and Research Branch	Tehran, Iran
3. <i>Ph.D., Jan. 2020</i>	

PROFESSIONAL EXPERIENCE

1-Lichenology

2-Botany

Research experience

- 1- Visiting to Marmara University's Lichen Herbarium in Istanbul, Turkey
- 2- Exploring the Natural History Museum and Lichen Herbarium in Vienna, Austria
- 3- Visiting the Botanical Garden and Lichen Herbarium in Berlin, Germany

Projects

1. Collection and identification of Iranian lichens (2004-2008).
2. Collection, identification and Herbarium establishment of non-flowering plants including Algae, Mosses, Hepatics and Lichens (2010-2015).
3. Collecting and identification of without flowers Plants in order to establishment of specialty herbarium in Iran (Taxonomy of Teloschistaceae family) (2011-2015).
4. Study and survey of chromosome number and ploidy level in wetland plants in Alborz Mountains according to ecological condition (2013-2016).
5. Study and survey of chromosome number and ploidy level in wetland plants in Ardebil and East Azerbaijan provinces according to ecological condition (2013-2016).
6. Enhancement diversity of species in Alborz collection in National Botanical Garden of Iran (2016-2019).

7. Collecting and identification of without flowers Plants in order to establishment of specialty herbarium in Iran (Taxonomy of Collemataceae family) (2016-2020).
8. Collection and identification of lichens and mosses (flowerless plants) in Golestan province (2016-2019).
9. Seed bank ecology in steppe, semi-steppe, and grasslands of Golestan province (Gomishan, Til abad, Incheboroun, Pashayalagh, Marave Tappeh) (2017-2020).
10. Collection and identification of lichens in Golestan province-The second phase (2021- continue).
